## — UNIVERSITY —

These pages show the rates at which students stay and finish their Huntington University Graduate education. The information is organized first by graduate. We use the following definitions:

**Retention Rate:** This gives the percentage of first-time graduate students enrolled in a given fall or spring semester who are still enrolled the following fall or spring semester.

**Graduation Rate:** This gives the percentage of first-time graduate students enrolled in a given fall or spring semester who graduate from the university within a given time period – we are using three years.
